There's no need to note down allotted students on Register from this list, because some corrections may be possible in this list

1-Contact the allotted students by their mobile number and verify the data

2-Check the mobile number given in list, Is it the number of parent or student own?

Type a mes...

Abha, Anita mam..history, Anju-collg, Arch...

3-Correct the error, if any and fill the data required, I in soft copy or  
Note down the corrections on paper as you want

4-Please don't change the format of Excel list, just do corrections and fill unfilled data only.

20:53

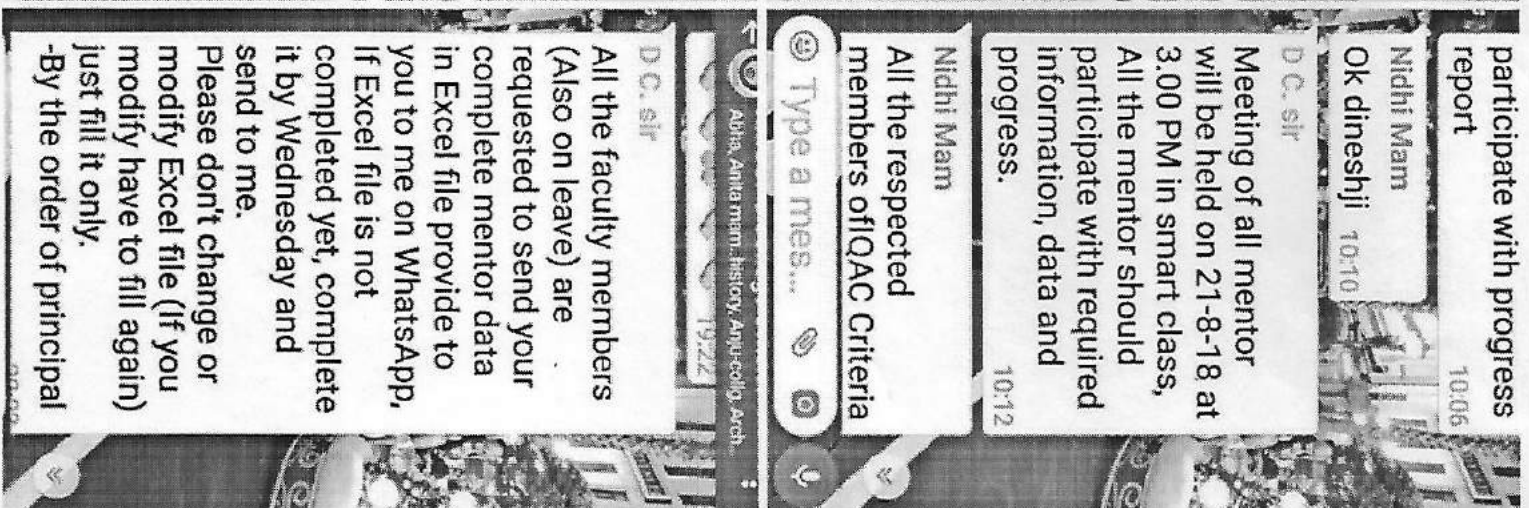

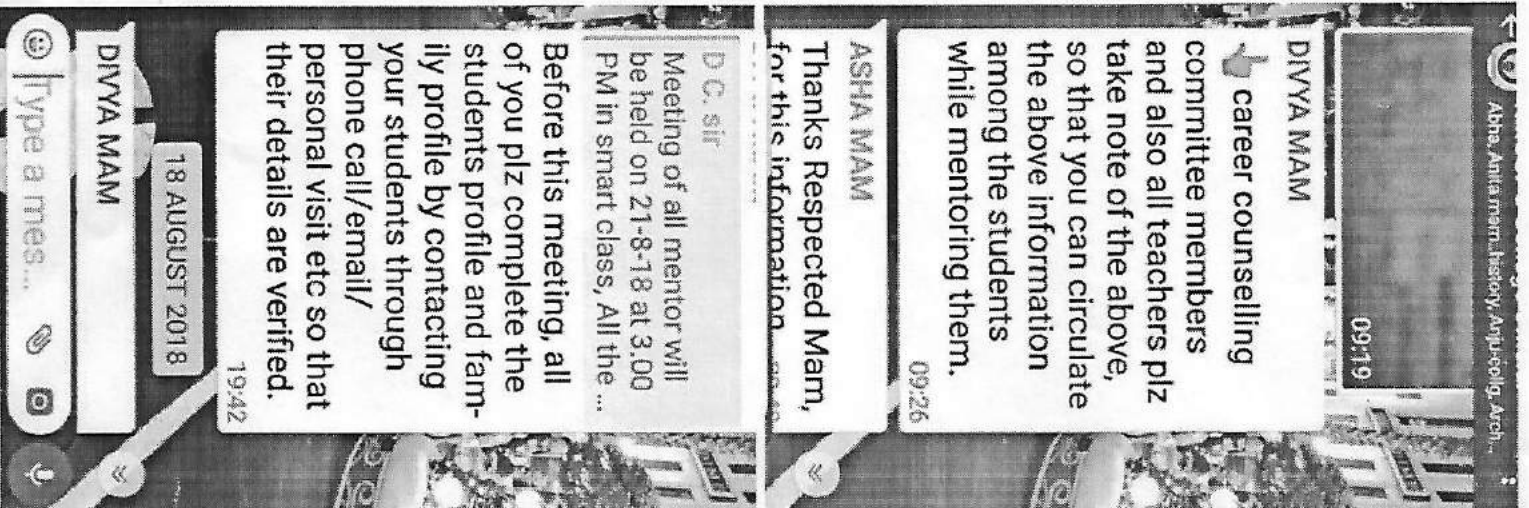

BEed dept and divided their students and prepare a format as above

## Academic issues faced by mentees

Students face certain issues which are inter-linked with their socio-economic background. As told by the mentees, many of them suffer academic stress due to less encouragement by their family members to attend college and some of them even forced to an early marriage which results in low attendance. The college encounters this issue by organising counselling sessions for the parents and telling them how education can be a powerful tool to increase confidence and make their daughters independent.

Sometimes mentees complain of lack of certain books and study material etc. These issues have been overcome by arranging tutorial and remedial classes. They are provided with books and required learning materials and guided to use e-resources.

Some students feel overburdened and suffer academic stress during class tests and exams. One of the keys of dealing with these issues is to inculcate good study habits and time management skills among students.

## Stress related issues faced by mentees

College is often the first time in student life, when they are given much of freedom which if not practised properly can lead to severe stress.

The students start prioritising their self-image - socially, physically and academically. There is stress related to their physical appearance, weight gain etc. At times, family expectations and demands also pave way to a stressful mind. I guide my mentees to follow a well planned daily routine and avoid procrastination, this results in major stress relief.

Some students struggle with family issue time to time. I advise them to feel free to discuss those issues with me.

## Problems faced by mehtors in science stream

scribble 9.3.3

(1)

### IN ACADEMICS-

The students of this area are basically from the rural background. So they suffer from the following problems -

(I) Language problem - As most of the students are passed out from U.P. Board & Hindi medium. While the better books & available material of science subjects are in English. Thus we provide small tutorial classes related to English communication & personality development. Here the students are encouraged to speak in a fearless environment in English language. Along with this students are also helped to translate the chapters of books in Hindi.

(II) Lack of financial support - Few of the students are from the really poor background such that they can not afford to even purchase the books or other resources. For resolving this problem, we provide them books from departmental libraries. As well as the practicals related all the items are issued from the departments itself & students do not need any expense of these things. Following two of students have even been supported

financially for University fees — from the <sup>Criteria 233</sup> Student welfare

(1) Km. Kanita

(2) Km. Kanchan.

(III) Feed back — Students are also encouraged to fill the feed-

—back form regularly & action is taken accordingly to resolve the issues. Students made points regarding the cleanliness of toilets, & care was always taken so that students may not face these problems again. Also few students made problems regarding the fast speaking speed or large So, ~~as~~ as a teacher care is taken to speak slowly & bilingually.

### ③ Psychological issues -

(I) Family background - Students face the problem of early marriage due to being in rural areas.

Thus parents are also counselled for making them understand the importance of education & need of time & support from the families for science studies.

(II) Phobia - Students also feel a kind of phobia about the difficulties in science. Thus they are again and again counselled for these. Extra classes/tutorials are provided.

(III) Long duration related - Parents of few students did not allow them to stay for such long period (at least 10-4 PM) in college. Thus we as mentors, talk to the parents and persuade for it.

And ~~following~~ parents even of the following girls finally got ready to allow their wards/daughters to stay in college.

## **PROBLEMS FACED BY MENTEES**

### **ISSUES REGARDING ACADMIC**

**GENDER BIASNESS:** - This is the biggest problem of this region. Most of the students face this type of problem on regular basis. Our students told us that their parents have money but at the time of admission they told them you have no need of education because you are girl. Education is important only for boys because they have to run family.

Regarding this issue at the time of admission we talked to the parents of those girls and try to convince them that education is equally important for boys and girls. With the Education your girl more capable and your burden would be reduced.

**(1) EARLY MARRIAGE:** - This is also a very sensitive issue in our college because in this region 60% girls got married during graduation. So that was very difficult for them to manage that.

Regarding this issue we educate and motivate our students that they shouldn't marry on cost of education. If required we had talked to their parents regarding this issue and most of the time convinced them.

**(2) REGARDING BOOKS & JOURNAL:** - Some students have faced the problem of purchasing books due to some financial problem. Although we have library but our students told that there are very old books in the library.

Regarding this we established a departmental library with more than 500 new books and latest journals. This facility is for whole department. We made one Librarian for each class (One from B.Com. Ist year One from B.Com IInd year and One from B.com III year).

### **ISSUES REGARDIND STRESS**

During Exams most of the students face stress related problems. As the date sheet came they started to take stress. Especially in numerical papers they take more stress. Some of the students told us that we had left food when university declared date sheet.

8.8.20 minutes

Regarding this issue we take some special classes and some counselling sessions. In special classes we just try to make their confidence level go up and their fear goes down. During counselling session we start from yoga and some breathe controlling exercises. After Yoga and breathe exercises they feel relaxed and motivated. Few students have stress of their home problem for those we arrange counselling from outside.

## Issues with Time Management / Self-Management K

In a school it isn't acceptable to be unpunctual and hence managing time can be really difficult for you. A balance between work, academics and personal life also seems to be a challenge. So a A to l

Solution:- This is not something you can learn overnight. Self management can be achieved through habit forming and by adopting a more organised living. S a f

## Hesitant to Ask Questions f

Communication is one of those internship challenges that can actually hinder your internship time. You might land a really good internship but upon starting you realize that the work environment is excessively grave and professional. In such an environment, you find it difficult to ask questions for the fear of being judged. The C so The f S

Solution:- Everybody out there knows that you are an intern. They are serious about their work but do not expect you to know everything. So, just be calm and concentrate on your own tasks. clas mo exp ar dif to

## iment Regarding Books and Journals

ct- Some students have faced the problem of purch-  
ly asing books due to some financial problem.  
Although, we have library but our students  
be told that there are very few books in the  
library.

Solution :- Regarding this we establish  
a departmental library with more than  
500 new books and latest Journals. This  
facility is for whole department.

## if Issues regarding stress :-

ch The students start prioritising their self-image  
o (socially, physically and academically).  
There is stress related to their personality,  
family expectations and demands.

d. Solution :- Providing positive feedback in  
class, improved orientation for new students,  
it more flexibility in core requirements and  
expanding the role of faculty advisors  
w and informing students in advance of what  
te difficulties they might face and encouraging  
them to develop their own strategies  
to achieve personal goals.

## Academic Issues faced by Mentees

Ideally, getting a good internship should be the end of your problems for the time being. We aren't very enthusiastic to be the one to burst the bubble but it is actually the beginning of a new set of tribulations. Internship challenges do hit hard because it is the first time you are in such an environment and aren't very familiar with work-life issues.

### Unnoticed Work

It goes without saying that mentees do well in all aspects of teaching-learning process because they expect recognition. As an Intern you might be doing very good but still, find yourself in a position where your part is hardly appreciated. They can clearly be somewhat discouraging.

Solution :- The solution to such internship challenges is to understand that hard work doesn't get unnoticed for long. It might get ignored the first time, the second time, but the perseverance is the key.

If you continuously perform well your work can't be overlooked. So, don't feel dejected and keep up the good work. It is quite likely when you are new to organization and are expected to be there for short time.

## Regarding Books and Journals

Some students have faced the problem of purchasing books due to some financial problem. Although, we have library but our students told that there are very few books in the library.

Solution :- Regarding this we establish a departmental library with more than 500 new books and latest Journals. This facility is for whole department.

## Issues regarding stress :-

The students start prioritising their self-image (socially, physically and academically). There is stress related to their personality, family expectations and demands.

Solution :- Providing positive feedback in class, improved orientation for new students, more flexibility in core requirements and expanding the role of faculty advisors and informing students in advance of what difficulties they might face and encouraging them to develop their own strategies to achieve personal goals.

## Notice

College started Edmodo site for mentoring purposes this is that tool which makes mentoring easy and simple, through the Edmodo site you consistently contact with the students and parents throughout the year with this app. you can communicate, you can send their assignment, make the assignments, make the quiz and do the polling. Even you can draw anything and send the large video through this site. Beauty of this tool is you can create your class and join different groups by taking code from the admin.

1. Mode of operation for Mentoring as like this- convenor mentoring Dr Satyant Kumar
2. committee member of mentoring- Dr Juhi Birla, Dr Sushila Choudhary, Dr Pratibha Tomar, Dr Arvind Yadav, Mohammed Waqar Raja
3. First go to Google Play Store and install Edmodo app ,open and log in with your email id and password (login in Google) fill the details, fill the profile and upload the photographs
4. Go to my classes
5. click on ...
6. Two options are there
7. create a class
8. join a group
9. Go to join a group
10. Fill the code of that particular class in which you are teaching. You can join any number of classes. Ensure that you are teaching that class admin or class teacher remove unwanted member in the group then start your conversation by selecting the group. For any quarries contact committee members. Workshop are also conducting in between 2:00- 4:00 pm every day in sports dept. According to your convenience, convenor or committee member bring your students in sports dept. for learning operational mode of Edmodo.
