6.2.3. Implementation of e-governance in areas of operation

RESPONSE

Planning and Development: -Being a government college, the college follows all the policies and the rules implemented by the Govt. of U.P. All the construction work, renovation and purchasing are being done through e-tender process. The procurement process followed by college based upon the policies laid down by Government of Uttar Pradesh in its Financial Handbook. Based upon the requirements, tendering process is initiated by estimating the quantity and the cost of the items to be procured. The estimates are approved by Competent Authority. Based upon the estimated cost and time frame of procurement, tender type is decided and accordingly notice inviting tender is released.

As per the orders of Government of Uttar Pradesh, procurement is also done through GEM portal. In case of unavailability of product /item/ service on GEM portal, the procurement is done through open market on lowest price. Although every effort is made by College to procure through e-tendering website of Government but in some cases of procurement of less than Rs.10 lakhs value, product / items / services
E-tendering process is not required.

In the preceding academic years the renovation and up gradation work of Seminar Hall was done through e-tendering process. This college being a Government institution follows the policies, procedures, terms &conditions laid down by Government.
