

6.3.5. Institution has Performance Appraisal System for teaching and non-teaching staff

RESPONSE

The college has well defined procedure for performance appraisal system for Teaching and Non-Teaching staff. Every employee performance is assessed in every academic year. There are different parameters to assess the performance of Teaching and Non-Teaching staff.

1. Teaching:-

- a) Every Faculty Member appointed in Govt. College, Uttar Pradesh is assessed for his or her performance based on the API score of PBAS proforma. The PBAS proforma has been evolved as per guidelines stipulated in "UGC Regulations on Minimum Qualifications for Appointment of Teachers in Universities and Measures for the Maintenance of Standards in Higher Education-2010" no. F3-1/2009 dated 30 June, 2010, hereafter referred as UGC regulations. The API scores as endorsed and verified in the PBAS proforma are the primary means of assessing a faculty member for the purpose of promotion under Career Advancement Scheme (CAS), increments and other award/Incentives including key appointments/assignments and deputations. The PBAS proforma filled by the faculty member is checked and verified by IQAC Committee at first level. The staff provides information which is then verified by the Principal. At final level a committee appointed by the Director, Higher Education Commission, UP, verifies the application for promotion and then it is sent to Secretariat, Lucknow for the final approval. Recommendations are prepared on the basis of rating and grading derived from the API score and the appraisal is granted on the basis of grading. Performance appraisal is done through API report as per UGC guidelines. It is a key parameter for promotion of employees.
- b) The performance appraisal of teaching staff is also done through ACRs based on their performance on various parameters throughout the academic year. The outcome of performance appraisal is promotion and incentives which is done by the Departmental Promotional Committee at govt. level. All academic and administrative activities and relevant information concerning the faculty are recorded in their respective service books also.
- c) Feedback of the students is also another effective technique to assess the performance of the teachers. feedback form is designed by the IQAC in the college. Students have to fill these forms related to their subjects teachers. Their teaching techniques, way of delivering lecture is assessed on four point scale.
- d) Senior teachers are promoted as the Principal of UG & PG colleges through DPC. DPC is conducted every year. *at provincial level.*

2. Non-Teaching:-

The performance appraisal of non-teaching staff is also done through ACRs based on their performance on various parameters throughout the academic year. Non-teaching staff like , office staff, support staff etc are currently not given any appraisal forms. Their performance appraisal is done by the Principal based on the quality and quantity of their work, nature of their work, their enthusiasm, skill sets and efficiency. The appraisal of the non-teaching staff is conducted informally by the Principal and they are counseled to improve their work if necessary.

6.4.1. Institution conducts internal and external financial audits regularly

RESPONSE

As per the norms set by the Govt. the college is practicing the conduct of Internal as well as external financial Audits. The External Auditor is appointed by the Govt. of U.P. from the office of A.G. Office and conducts the audit of the college accounts to verify correctness as per the rules and regulation provided by the Govt. The funds received and expenditures are audited. Last audit of the college was done in the year 2010. It totally depends on the Govt. to decide the schedule of the audit.

Internal Audit: Various verification committees are formulated by the Principal to verify the documents of each and every department, library, laboratories, stocks of the college, consumable and non consumable article etc. Physical verification is done by the teachers of the college. Library books of each department is checked by nominated faculty. They check these books thoroughly and prepare the list of missing books and then those books are found out. Each every document related with library is verified. Laboratories' equipment and other material are scrutinized properly. Objections and verifications of nominated committees are registered every year with their signature and remarks in the respective registers.

Financial resources of the college are managed in a very efficient and authentic way. Each document filed in a proper way. Internal financial audit is also done by the committees.

3. University/college may prescribe minimum cut-off, say 75%, below which no scores may be assigned in these sub-categories.
4. In consonance with established academic and teaching traditions, and with a view to reinforcing a student-centric and caring approach the teachers are encouraged to work with students, beyond the structure of classroom teaching. Indicatively, this could entail mentoring, guiding and counseling students. In particular teachers would be the best placed to identify and address the needs of students who may be differently abled, or require assistance to improve their academic performance, or to overcome a disadvantage. There are no prescribed hours for such efforts, measured either in weeks or months, or in the context and calculation of the API scores, these are nevertheless important and significant activities that could be carried out by teachers.
