10. M.Sc. (Zoology) Classroom, Lab and toilet work is about to be completed.

**Meeting proceeded with discussion on the agenda.**

Principal stated that educational tours have been conducted by all departments. This is in line with improvement measure discussed in earlier IQAC meetings. This is was done as per suggestion by one of the IQAC member to provide industry exposure to students to comprehend the corporate environment and on the job scenario. This is was done to grasp first hand knowledge of the actual work environment in the real world. Mr. Yadav also added to the initiative stating that while classroom education is good in theoretical learning but educational tours enable students to experience real life scenarios which help in career development and analysing their theoretical concepts with respect to practical application.

Student representative said that education tour provided them an opportunity of learning the practical aspects of the concepts. They also provided the opportunity of mutual cooperation with fellow students and bonding as a team. Interactions with faculty on actual ground, during the tours helped them understand the subject better. They stated that Alumni meet was good platform for them to understand the challenges of real world outside college from previous pass outs.

Sh. Goel expressed satisfaction that their suggestions of improvement were considered seriously and action has been taken on them. This has helped IQAC to contribute towards improving the standards of education in college and incorporating necessary changes as per ever evolving global practices. Sh. Malik stated that achievements of teacher and students is a matter of pride for college and reflects the commitment of faculty and students alike in improving the standards of education.
